# *Subject Index*
## *Volume 20*

***A***

Abortion induced in second trimester, nursing care in, 284
Acoustic stimulation, fetal responses to, 160
  with and without nonstress testing, 232
AIDS
  and attitudes of low-risk women, 398
  and nursing care for HIV-positive women, 446
  in pregnancy, 65

***B***

Billing system, in labor and delivery suite, 453
Birth control, coitus interruptus in, 80, 420
Book reviews
  *Adoption: A Handful of Hope* (Arms), 335
  *Counseling Skills for Health Professionals* (Burnard), 333
  *Maternal and Infant Nursing Care* (Dickason, Schult, and Silverman), 334
  *Planning for Pregnancy, Birth, and Beyond* (American College of Obstetricians and Gynecologists), 334
  *Special Women: The Role of the Professional Labor Assistant* (Peres and Snedeker), 333
Breast milk banks for preterm infants, 419
Breastfeeding
  effects of nipple shields in, 419
  and employment, 471
  maternal satisfaction with, 49
  nurses' knowledge of, 58

***C***

Cancer screening, Papanicolaou test in, 39
  reactions to abnormal results in, 154
Circumcision of females, 102
Clomiphene-induced mood swings, 321
Cocaine use, maternal, fetal and neonatal effects of, 121
Coitus interruptus, for birth control, 80, 420
Computer systems, in labor and delivery units, 371
Confidence, maternal, and coping with labor, 457
Contraception
  coitus interruptus in, 80, 420
  and new technology in natural family planning, 199
Cytology, exfoliative, in screening for cancer, 39
  reactions to abnormal results in, 154

***D***

Death, perinatal, grief management in, 385
Diabetes mellitus, gestational, self-care preparation in, 189

***E***

Editorials, 12, 283, 361, 438
Education
  and AIDS prevention, 65
  for neonatal nurse practitioners, 128
  and nurses' knowledge of breastfeeding, 58
  program for electronic fetal monitoring, 16
  for self-care in gestational diabetes, 189
  and sibling preparation for newborn, 73
Electronic fetal monitoring
  education and quality assurance for, 16
  terminology for, 418
Emotional problems
  in clomiphene-induced mood swings, 321
  and coping strategies of infertile women, 221
  and new mothers affected by personal and professional support, 406
  in perinatal loss, 385
  in premenstrual syndrome, 135
Employment, and breastfeeding satisfaction, 471

***F***

Families
  home follow-up program for, 113
  impact of premenstrual syndrome, 135
  maternal satisfaction with breastfeeding behavior of infant, 49
  mothering behavior in previously infertile women, 309
  new mothers affected by personal and professional support, 406
  parental patterns of touching preterm infants, 299
  reactions to transfer of neonate from intensive care unit, 146
  sibling preparation for newborn infant, 73
Feeding of preterm infants, 212
Fertility
  and coping strategies of infertile women, 221
  monitoring of, new technology in, 199
Fetus
  electronic monitoring of, 16
    terminology for, 418
  maternal cocaine use affecting, 121
  monitoring during maternal open heart surgery, 243
  responses to acoustic stimulation, 160
    with and without nonstress testing, 232

***H***

Health care
  and abbreviated prenatal medical records for ambulatory patients, 417
  computer systems in, 371
  for HIV-positive women, 446
  and marketing of obstetric nursing practice, 328
  by neonatal nurse practitioners, 128
  self-care preparation in gestational diabetes, 189
  self-interest and patient welfare in, 361
  shifting emphasis in, 12
Heart rate, fetal
  acoustic stimulation affecting, 160
    with and without nonstress testing, 232
  electronic monitoring of, 16
Heart surgery, open, during pregnancy, 243
HIV infection
  and attitudes of low-risk women, 398
  nursing care in, 446
  in pregnancy, 65

***I***

Immune system, in pregnancy and parturition, 391
Infertile women
  clomiphene-induced mood swings in, 321
